Matters to be decided

Point 2. Election of chairman of the Shareholders' Meeting

The nominations committee, appointed in accordance with the procedure decided by the 2011 AGM, comprises Hampus Ericsson, JCE Group, chairman of the nomination committee; Jimmy Bengtsson, Skandia Liv; Kerstin Stenberg, Swedbank Robur Fonder, and Semcon's chairman Hans-Erik Andersson, who together represent around 47% of the votes associated with all the shares in the company. The nominations committee proposes Hans-Erik Andersson as chairman of the Meeting.

Point 9. Decision regarding appropriation of the company's profits according to the adopted balance sheet

The Board proposes that no dividend be paid out, as was the case last year and that all remaining profits at the meeting's disposal be carried forward.

Point 12. Decision regarding the number of Board members and deputies

The nominations committee proposes that there be five ordinary Board members and no deputies.

Point 13. Decision regarding number of auditors, deputy auditors or registered public accounting firms

The nominations committee proposes that a registered public accounting firm be appointed as auditor.

Point 14. Determination of remuneration to the Board of Directors

The nominations committee proposes that the total fee to the Board be unchanged from last year at SEK 1,200,000, of which SEK 400,000 to the chairman and SEK 200,000 to each of the Board members elected by the meeting and not already an employee of the company or subsidiary. The nominations committee further proposes that no special fees be paid for work on Board committees.

Point 15. Determination of remuneration to the auditors

The nominations committee proposes that the fee paid to auditors be made on open account.

Point 16. Election of Board chairman, Board members and deputies

The nominations committee proposes re-election of Kjell Nilsson, Marianne Brismar, Gunvor Engström, Håkan Larsson and Joakim Olsson as Board members and the election of Kjell Nilsson as chairman. Hans-Erik Andersson will not be standing for re-election. Through his position as President and CEO, Kjell Nilsson cannot be considered as independent in relation to the company and the senior management team. Otherwise, all the other Board members can be considered independent in relation to the company, the senior management team and major shareholders. The Nomination Committee's statement, explaining the proposal and information about the proposed board members, can be found on the company's website: www.semcon.com.

Point 17. Election of auditors, deputy auditors or registered public accounting firms

The 2011 AGM elected Deloitte AB as auditors of the company up to the time of the end of the 2012 AGM. The nominations committee proposes that the registered public accounting firm Deloitte AB be re-elected as the company's auditor for a period of one year.

Point 18. Decision regarding the nominations committee

The nominations committee proposes, as last year, that the company shall have a nominations committee that no remuneration be paid to the committee although the company shall pay the costs of the committee, and that there be a nominations process with the following content. The nominations committee shall comprise the chairman of the Board and three, or in some cases four, additional members. Based on the shareholder statistics on 31 August, the chairman shall contact the three largest shareholders (based on number of votes) and ask each of them to appoint one member of the nominations committee. If a shareholder declines this offer, the offer shall be made to the next largest shareholder. The member proposed by the shareholder holding the most votes shall act as chairman of the nominations committee. If there are changes in the shareholder structure after 31 August and earlier than two months before the AGM, and if a shareholder consequently becomes one of the three largest shareholders and wishes to be represented on the nominations committee, then this shareholder shall have the right to either appoint an additional committee member or, if the nominations committee so decides, to appoint a representative to replace the representative of the shareholder who has the least number of votes after the ownership changes. If a member of the nominations committee resigns or is unable to fulfill his or her obligations, then the chairman shall without delay ask the shareholder to appoint a new representative within a reasonable time. If the shareholder declines to replace a representative the place on the committee shall be offered to the next largest shareholder who has not already appointed a representative or who has refrained from doing so. The nominations committee shall perform the duties that from time to time arise in accordance with Swedish Code of Corporate Governance. The duties of the nominations committee include making proposals for (i) chairman of the AGM, (ii) chairman of the Board and other Board members, (iii) fees and other remuneration for Board assignments for each Board member, (iv) fees for auditors and (v) selection of auditors and (vi) fees for members of the nomination committee and proposals for the nomination process in general.

Point 19. Decision regarding guidelines for determining salaries and other remuneration to senior executives

The Board proposes that the meeting establish guidelines for determining salaries and other remuneration to senior executives with the following main content. The company shall have a remuneration level and other employment terms that are needed to recruit and keep key decision makers with the right skills and capabilities to achieve the company's objectives. Total remuneration – made up of various components such as fixed salary, bonus, participation in share-linked incentive scheme, pension benefits and other remuneration and benefits – shall be reasonable, competitive and market-based, and shall be decided with regard to, among other things, performance, position and importance for the Group. Fixed salary shall be paid for satisfactory work and shall normally be reviewed once a year. A bonus shall be offered, but shall be primarily based on results and bonus targets, established once a year, and be a maximum of 6 months' salary. Senior executives shall be given the right to arrange individual pension solutions. Pension solutions shall be premium-based. Notice of dismissal from the company's side shall be at most 12 months. Dismissal salary and severance compensation combined shall not exceed 12 months' salary. In addition, other remuneration and benefits may be offered to facilitate possibilities to complete work assignments. The Board has the right to deviate from these guidelines in individual cases if there is good reason. To ensure continuity, the Board's proposals are in line with previous years' remuneration principles and agreements.

Point 20. Decision to authorize the Board to decide on new issues of ordinary shares

The reason for the proposal, the main content of which is presented below, and the reason for deviating from preferential rights for existing shareholders, is that the Board wishes to create cost-efficient and flexible opportunities for making payments for acquisitions of companies or businesses or parts thereof. The Board proposes that the meeting authorize the Board to decide, prior to the next AGM, on a new share issue with deviation from existing shareholders' rights, of at most a total of 1,811,253 ordinary shares in Semcon to be used as liquidity in the financing or acquisition of companies or businesses or parts thereof, at which time the subscription price shall correspond to the share's assessed market value. Payment for the shares shall be in cash, with capital contributed in kind or through settlement of a receivable. On full

utilization of the authorization to issue new shares, the total number of shares and votes in the company can increase by 1,811,253, representing dilution of around 10% of current shares and votes.

Point 21. Decision to authorize the Board to decide on (a) acquisitions of ordinary shares and (b) transfer of ordinary shares The reason for the proposal, the main content of which is presented below and the reason for deviating from preferential rights for existing shareholders, is that the Board wishes to create cost-efficient and flexible opportunities to improve the company's capital structure and thus improve the share value and to make payments for or financing acquisitions of companies or businesses or parts thereof.

(a) – Authorization for Board to decide on acquisitions of ordinary shares The Board proposes that the meeting authorize the Board to decide, prior to the next AGM, on the purchase of ordinary shares on

the OMX Nordic Exchange Stockholm or through purchase offers directed to all owners of ordinary shares. Purchases of shares on each occasion shall be a maximum, after the purchase, of 10% of all shares in the company, purchases on the stock exchange shall be at a price within the current share price range, purchases linked with an acquisition offer shall have as their maximum price the market price at the time of the offer plus at most 20%, and payment shall be in cash.

(b) – Authorization for Board to decide on transfer of ordinary shares The Board proposes that the meeting authorize the Board to decide, prior to the next AGM, on the transfer of ordinary shares to be as liquidity for the acquisitions of companies or businesses or parts thereof. Transfers on each occasion may be of the total number of ordinary shares owned by the company (except for ordinary shares generated through conversion of C shares), transfer may be made with deviation from preferential rights of existing shareholders, at a price corresponding to the share's assessed market value, and payment for the shares shall be with capital contributed in kind or through settlement of a receivable.

Special majority requirement

For a decision relating to points 20 and 21 to be valid requires the respective decision must be supported by shareholders with a minimum of two-thirds of the voting rights and shares represented at the meeting.

Disclosures at the meeting

The Board and CEO may, at the request of any shareholder at the AGM, and if the Board doesn't consider it to have a negative impact on the company, provide information about conditions that can affect the assessment of matters on the agenda, conditions that can affect the assessment of the company's or subsidiaries' financial situation, or the company's relationship to other Group companies.
